Erasmus+ grant rules KA1

The European Union has launched the new Erasmus+ program. There is a new formula for attending courses.

- Only organisations can apply for Erasmus+ Key Action 1 (KA1) staff development mobilities (you must be part of an organisation)
- The organisational impact of a KA1 mobility (e.g. The ALIPPE course) must be justified in a so-called European Development Plan of the organisation.
- Organisations can apply for multiple staff members in one application. There is no limit on the number of participants, but there is a maximum of the total grant requested.

What have to be done to apply for a European support?

First: Your organisation needs to register for an ECAS account: Go to the European Commission Authentication Service (ECAS):

<http://ec.europa.eu/education/participants/portal/desktop/en/home.html>

With this ECAS account one can login to the Participant Portal. The organisation can be registered on the Unique Registration Facility (URF): This gives a Participant Identification Code (PIC). This PIC is needed to apply for a project proposal and describe the wanted KA1 mobility (mobilities). The new Erasmus+ rules means that the applicant has to organize his grants via his organisations Project Proposal. You have to justify applying for this course in the Europe Development plan. All mobilities for the next year should fit in one European Development Plan.
